Professional Summary

Data Analyst with strong skills in **SQL, Python, Excel, and Power BI** for **data manipulation, analysis, and visualization**. Proven track record in driving business growth through **data-driven insights**, process optimization, and performance tracking. Experienced in delivering actionable recommendations and managing **client** operations to enhance **decision-making and efficiency**.

Professional Experience

Data Analyst || Arsoft Consulting, Indore **Jan 2025 – Aug 2025**

- Increased **revenue by 15%** through advanced **Excel reporting, SQL data cleaning, ETL,** and **data mining**; **leveraged Power BI** for actionable **trend analyses and strategic business intelligence**.
- Achieved **95% client satisfaction** by overseeing client operations, validating data with **SQL**, performing analysis in **Power BI**, delivering accurate reports, and resolving issues promptly.
- Improved production efficiency by conducting **RCA** and optimize workflows using **SQL-based data exploration**, Power BI dashboards, and **continuous quality monitoring**.

Data Analyst Intern || P & M HR Solutions, Gurugram **May 2024 – Nov 2024**

- **Maximized efficiency by 20%** with a **productivity tracker** and optimized **recruitment databases by 10%** through root cause analysis.
- **Utilized Power BI and Excel (pivot tables)** extensively to create interactive **dashboards** and streamline data processes, improving **productivity by 30%.**

Business Development || Uneritx, Delhi **Nov 2021 - June 2023**

- Increased **content relevance** by **20%** and **site functionality** by **15%** by **optimizing 500+** website templates and streamlining **Cloud-Cannon** and **WordPress operations**.
- Boosted **lead identification** by **10%** through **market analysis** and refining data-driven **lead generation** strategies to support **business growth**.

Projects

SQL Data Analytics Portfolio Project

- Performed **time-series** analysis using **aggregation** and **GROUP BY** functions along with cumulative checks through **joins** to evaluate overall business growth.
- Conducted **performance analysis** with **SQL Window Functions** to compare sales against the previous year and identify growth trends.
- Applied **part-to-whole** analysis using **CTEs** and **subqueries** to determine which business segments were growing versus underperforming.

Multiple Regression Analysis of Urban Satisfaction

- Conducted **multiple regression** on city data to identify key **factors** affecting urban satisfaction, enhancing insights for policymakers.
- Utilized **Python (Pandas)** for **data cleaning, preprocessing,** and **modeling** to extract significant **predictors** and **actionable** recommendations.

Sales Data Analysis and Dashboard Creation

- Boosted **reporting efficiency by 20%** by analysing large sales datasets using **advanced Excel functions and pivot tables,** enabling faster insights and more reliable decision-making.
- **Improved stakeholder engagement by 30%** by designing interactive **Excel dashboards and visualizations** that tracked **real-time KPIs,** increasing decision-making speed by **25% amid market changes.**

Technical Skills

- **Programming Languages**: **Python** – Proficient in data manipulation and analysis using libraries like **Pandas, NumPy and Matplotlib.**
- **Project Management**: **Agile**- Knowledge of **Agile and Scrum methodologies** for effective task management and project delivery.
- **Data Visualization Tools**: **Power BI, Tableau** – Experienced in creating interactive **dashboards** and **visualizations** to convey insights and support **decision-making**.
- **Data Analysis Tools**: **Excel** – Skilled in utilizing advanced Excel functions, **pivot tables**, and **data cleaning** techniques for comprehensive **analysis and reporting**.
- **Database Management**: **SQL** – Skilled in **SQL queries** for data retrieval and management, including **window functions, subqueries, and CTEs.**

Education

- **Institute of Marketing and Management** || PGDM **July 2023 - June 2025**
- **Deen Dayal Upadhyaya University** || Bachelor of Science in Mathematics **Aug 2018 - June 2021**
- **Divine Public School** || Senior Secondary in Science **April 2016 - March 2017**

Certifications
